

# APMG Change Management Foundation & Practitioner Accreditation

## Foundation - 3 days

[Change Management Foundation course](#) covers all aspects of change including how individuals learn and react to change, approaches to organisational change, best practices in communications and stakeholder engagement and how to prepare for change and deal with resistance. Includes a short discussion on the Prosci ADKAR® methodology and compares it to other approaches.

## Practitioner – 1.5 days

[Change Management Practitioner course](#) you'll gain a deeper knowledge of the principles of Change Management, learn new material, and gain an understanding of how to implement and sustain change in organisations. This qualification is endorsed by the Change Management Institute who recognise the practitioner level as fully meeting the knowledge requirements for their accreditations.

### The Foundation course focuses on

**Individuals:** How they learn, what motivates them and how they react to change.

**Organisations:** Different approaches to organisational change, emergent versus planned change, typical roles in change and organisational culture.

**Communications and stakeholder engagement:** best practices in communications and how to identify, segment and engage with stakeholders.

**Change Practice:** Assessing the change impact, preparing for change and dealing with resistance.

### The Practitioner course is scenario based, where you will learn

- How to analyse and plan for learning during change
- The links between change management and the different types of project environments
- How agile projects can impact on the change management process
- Different levels of adoption during change
- Tools and approaches for sustaining change

### Course Details:

Change Management Foundation \$1,995 + GST  
Change Management Practitioner \$1,295 + GST

Purchased as a combined course: \$2,795 + GST

### Who will benefit from this course?

- Change professionals seeking recognition of their experience and skills
- Business Managers, Team Leaders and Supervisors who are navigating change and leading teams through change
- Individuals wanting to understand the change process
- Agile Practitioners wanting to have a foundational understanding of the Change Management function
- Project Managers, Business Analysts and Project Support who want to understand the relevance and alignment of change into successful projects

### Meet Project Laneways, Lead Trainer and Director - Dan Skelsey

Dan's experience extends across five continents and many industries. He has worked on projects in both large international companies and small businesses, and has implemented complex changes that involve both process and cultural change.
